Dear Mr Goff:

I wanted to express my thanks and appreciation for the excellent work on the Third Floor Conference Room recently completed by your company. You worked in an efficient, professional manner, yet with a friendliness that made it a pleasure. It makes my job as an overall Chief Engineer so much simpler to work with a company like yours. You not only have the ability to do the work, but also the desire to ensure the client is happy with the end product.

This project was completed within schedule, under the budget, and to a quality that exceeded my expectations.

I look forward to continuing work with you in the future.

Cordially,

Matthew Dalpiaz
Chief Engineer
