

WESTWOOD COLLEGE

Career Education for Lifetime Success™

March 11, 2009

As a new and very satisfied client of ARI, I would highly recommend them for any job, big or small. The professionalism, concern, and courteousness I received from all of the ARI representatives (from the President to the painters) were outstanding. The outcome of my job was exactly as I was told it would be. There were some items I thought could not be done, and was told by other companies that it could not be done, but ARI came to the rescue with no problem. The follow up and follow through was very organized and thorough. So far, I've had non-traditional sized classrooms and corridors patched and painted and they look as if there was never anything wrong with them. All of the campus executives were very pleased with the completion of the job. I will definitely be calling ARI to work on other classrooms and office suites for us in the future.

Thank you,

Sulema Velazquez, Executive Assistant
Westwood College-O'Hare Airport Campus
